First I want you to know I had the experience of working in the Court system for 44 years (Old Traffic Court and 36 Dist Ct.) the last 15 years as a Judicial Court Clerk. So what I have to say about the jury system is just what I observed.

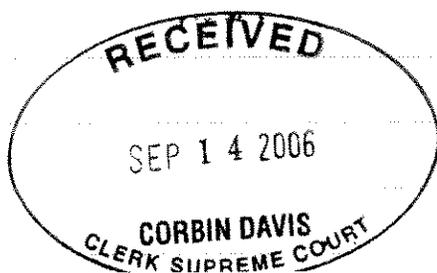

1. We ask them to be there at 8:00 A.M. we should start on time at least by 9:00 A.M.

Give them a 15 or 30 minute break after 2 hours of sitting in those small copping seats (you can't stretch your legs or move comfortably).

Go to lunch on time at least by 1:00 P.M. until 2:00 P.M.

Start back on time. Let jurors leave no later than 4:30 (Remember they have family matters and other things to ~~other~~ attend to.)

2. Have a jury room where when they take a break or send out for whatever person that is will be a depressing room (Have T.V and snack machine available) remember you wouldn't want to be in a room with no windows and a bunch of strangers and nothing to do.
